About Us

At Reltic Construction Consultants, we understand that construction projects — whether residential, commercial, or mixed-use — can be complex, demanding, and full of unknowns. From navigating regulations to managing budgets, timescales, and contractors, the process can be overwhelming. That's where we come in. Our purpose is to bring clarity, confidence, and control to every stage of your project.

01

From concept to completion, we're with you at every stage — developing cost plans, managing planning permissions, selecting the right contractors, and overseeing the build — ensuring no detail is missed.

02

We provide straightforward, tailored advice to suit your goals, budget, and timescale — offering proactive solutions that keep your project moving in the right direction.

03

Our team offers in-depth knowledge across quantity surveying, project management, contract administration, construction estimating, and design & build

04

We combine strategic thinking with an eye for detail — delivering clear communication, accurate reporting, and dependable support that continues well beyond project handover.

Get To Know Reltic

Background

We're a London-based consultancy offering expert support across every stage of the construction process. With a focus on clarity, cost control, and client care, Reltic is here to guide your project from concept to completion—with confidence.

Our Mission

At Reltic Construction Consultants, our mission is simple: to empower clients with expert guidance, honest advice, and dependable support throughout every stage of the construction journey. We're committed to delivering intelligent, efficient solutions that add real value — ensuring every project is completed with confidence, clarity, and care.

At A Glance

100+ Completed Projects

We've successfully guided over 100 projects from inception to completion across residential, commercial, and mixed-use sectors.

95% Timely Project Delivery

The vast majority of our projects are delivered on schedule - thanks to careful planning and proactive management.

£0.8M Average Project Value

We specialise in managing projects of significant scale, with an average value of £800,000 – ensuring quality outcomes at every level.

Reltic Surveying

▶ Quantity Surveying

Helping you manage your project's costs from start to finish.

▶ Bill of Quantities

Helping architects, contractors, and developers build with precision

▶ Cost Planning

Helping you stay on budget, from concept to completion

▶ Contract Administration

Managing every detail, from planning to completion

▶ Interim Valuation

Ensuring fair assessments and timely payments at every stage

▶ Final Account

Ensuring transparency and clarity at the end of your project

Reltic Estimating

► Construction Estimating

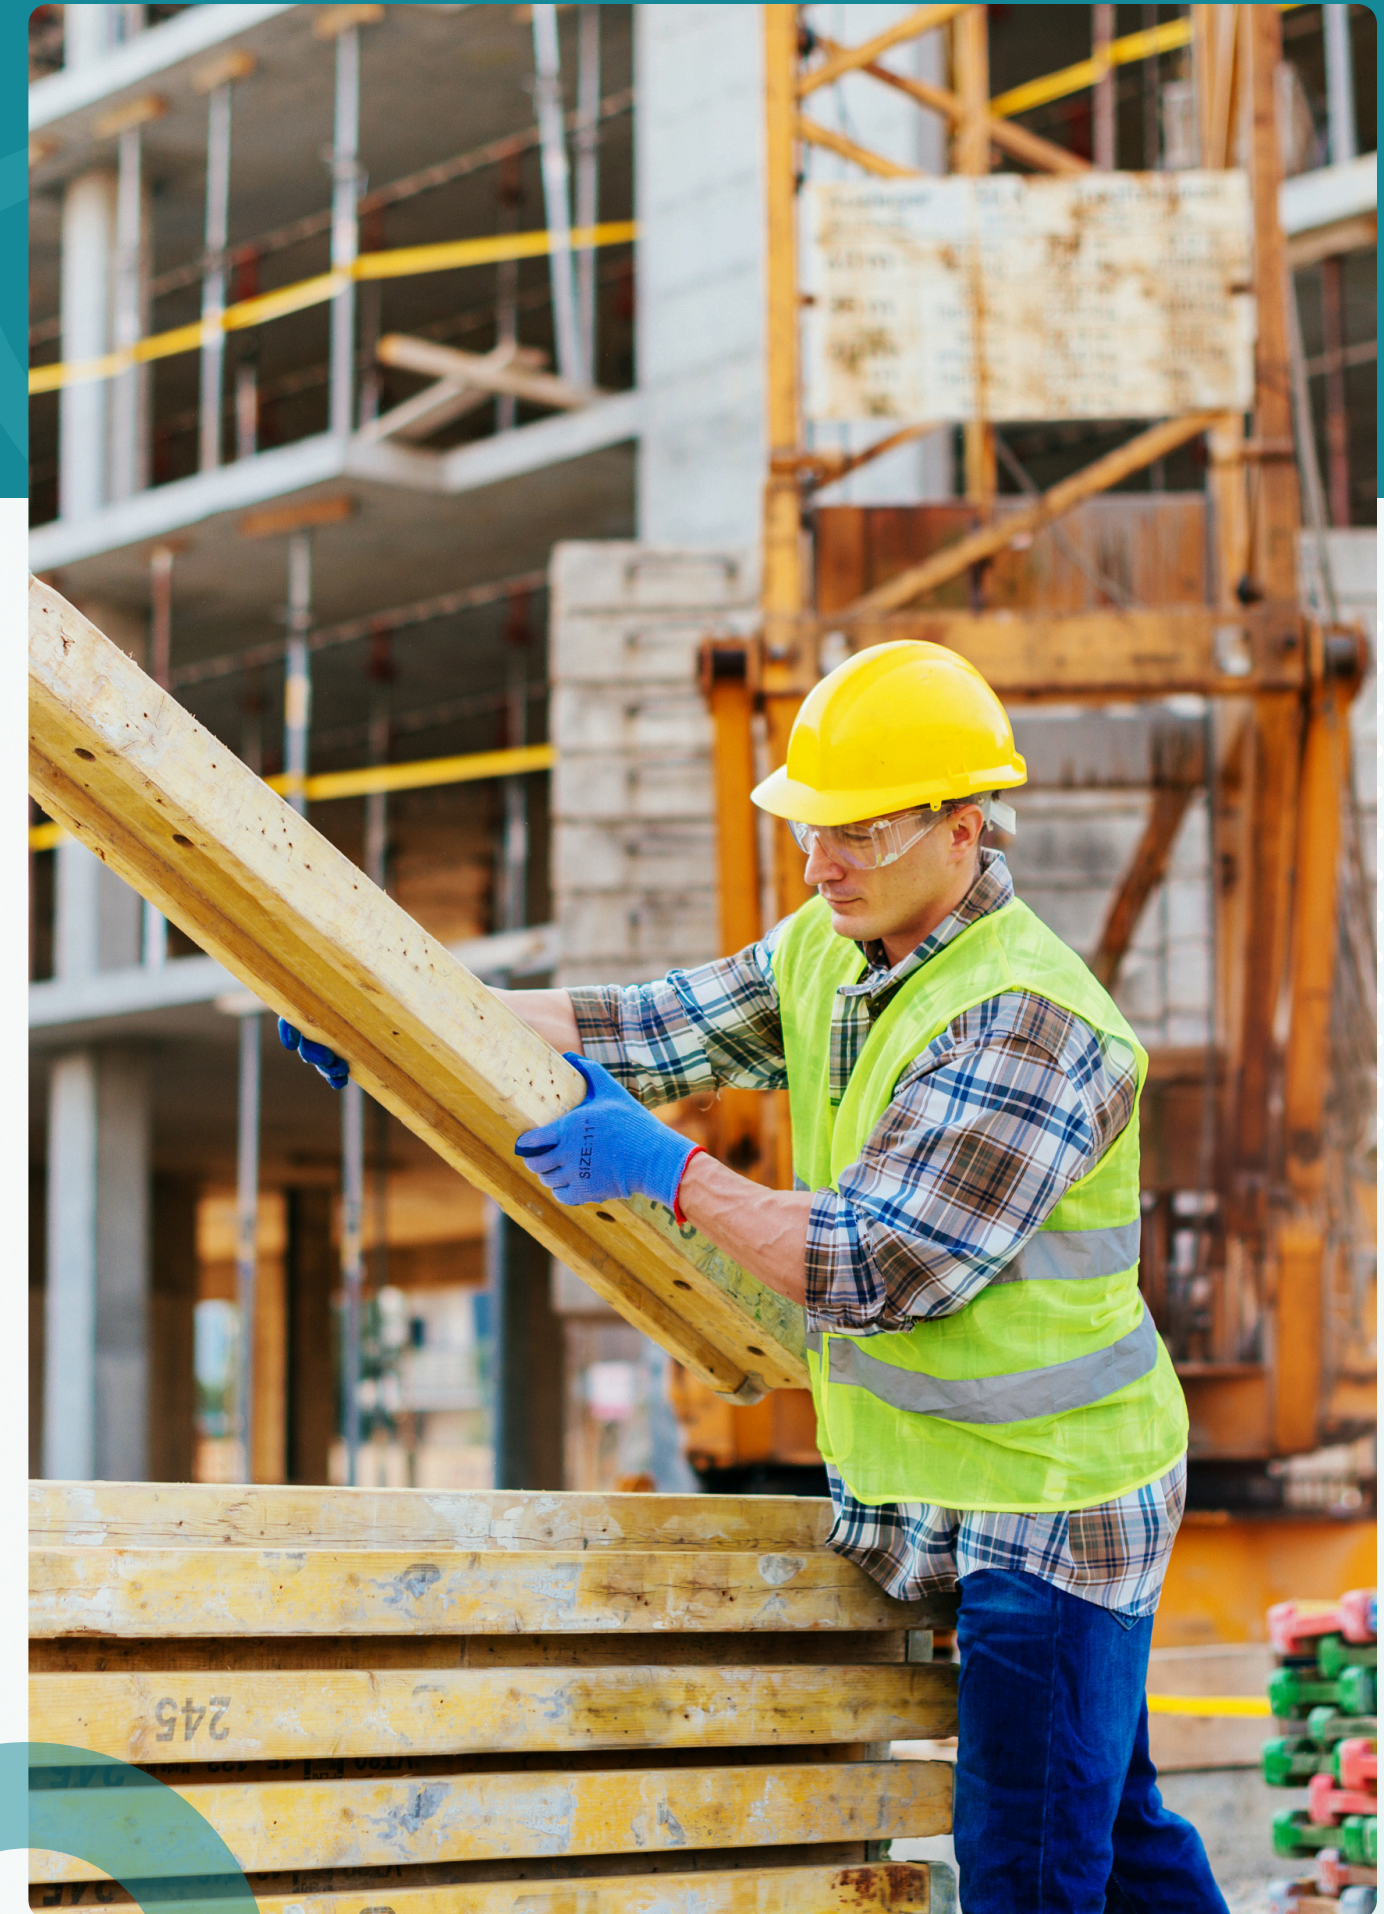

From early-stage budgets to detailed cost plans, we provide reliable construction estimating services that support smarter decisions and smoother project delivery.

► Material Takeoff

Our material takeoff services provide a detailed breakdown of all the materials needed for your project, ensuring accurate quantities and cost estimates.

► Schedule Of Works

Our Schedule of Works services provide a structured timeline for your project, outlining every task, milestone, and deadline.

Reltic Build

► Project Management

From planning and coordination to final delivery, our team ensures every detail is taken care of, so you can focus on what matters most.

► Contractor Selection

Our goal is to help you appoint a skilled, trustworthy contractor who understands your vision, aligns with your budget, and delivers quality work on time.

► Programme of Works

Our Programme of Works services help you plan and manage every stage of your project, ensuring timely delivery and smooth progress.

► Design & Build

Our design and build services offer a streamlined approach to construction, combining innovative design with expert project management.

Who We Help

Construction Companies

From tender stage to project handover, we're here to keep things running smoothly and profitably.

Property Developers

Our goal is to ensure your projects run smoothly, stay within budget, and achieve the best possible return on investment.

Architects & Designers

From cost planning and contractor selection to contract administration and project delivery, we partner with architects and designers to make every detail count.

Investors & Property Owners

From feasibility studies to final accounts, we ensure your project is delivered on time, on budget, and to the highest standard.

Our Assisted Projects

Home Extension

Maximising your space with expert design and seamless construction

Conversions

Unlock the potential of your property with our conversion services

Refurbishment

Breathing new life into your space with precision and care

New Build

Creating quality, bespoke homes with precision and care

Why Choose Us

Choosing the right consultancy can make all the difference in the success of your project. At Reltic Construction Consultants, we take the time to understand your specific needs, offering clear, honest advice and expert guidance from start to finish. Our approach is rooted in collaboration, ensuring that we work closely with you to achieve your goals within your budget and timeline.

Key Benefits

Our team brings a wealth of experience and a proactive mindset to every project, ensuring that challenges are anticipated and addressed before they become problems. We are committed to providing a seamless, stress-free experience, where your project is managed with the utmost care and attention to detail. Whether it's managing costs, navigating regulatory requirements, or selecting the right contractors, we're here to make the process straightforward and efficient, delivering results you can trust.

Let's Build Your Future Together

At Reltic Construction Consultants, we are ready to partner with you on your next project. Whether you're embarking on a residential build, commercial development, or mixed-use project, our team of experts is here to ensure your vision becomes a reality.
